SKILLS

Development

C#, Unity, TDD, event-driven architecture

Game design

Game mechanics and systems, GDD writing

Tools

Git, GitHub, Claude Code (building custom skills for my workflow), Photoshop, 3ds Max

Strengths

Analytical, curious, adaptable, team player

LANGUAGES

French (native)

English (bilingual)

German (B1)

Louis Bich

Versatile Unity developer — I design and build my own game systems, from game design to code.

EXPERIENCE

Independent Game Developer & Designer

Sep 2023 – present

Navimancie

Jan 2026 – present

Game Designer & Lead Developer

Real-time strategy roguelite in Unity (C#), Steam release planned

- Co-designed the technical architecture: decoupled systems communicating through an EventBus
- Composable combat effect system: about ten stackable effects (freeze, stun, burn, area of effect...) triggered by hooks (on hit, on death, on spawn...)
- Unit AI: A* pathfinding and target priority system
- Unity editor tools: card editor and arena editor with an enemy wave timeline
- Combat loop: draw and mana, grid-based card placement, 3D unit deployment on the arena
- 1,000+ automated unit tests, TDD built into the development workflow

Project EON

Jun – Dec 2025

Game Designer & Developer

Action roguelite, incubated at Plaine Images, Lille

- Designed the game mechanics
- Contributed to development and technical architecture

Prototypes and game jams

Sep 2023 – May 2025

- Two experimental prototypes (a chess game, a local versus game): unfinished, but a huge learning experience
- Took part in many game jams

EDUCATION

Bachelor in Game Design & Creative Coding

2020 – 2023

e-artsup, Lyon

Esports Careers Diploma

2017 – 2019

PowerHouseGaming, Mulhouse

Digital Technologies Certification preparation

2015 – 2017

42, Paris

Scientific Baccalaureate, Mathematics, highest honours

2013

Collège du Léman, Switzerland

COMPETITIVE & INTERNATIONAL BACKGROUND

- Competitive player: League of Legends at a high level (2015 – 2017), Pokémon TCG — top 2 in Switzerland, 2 World Championship appearances (2013 – 2015)
- Organised a LAN event: PGSeries, Mulhouse
- Humanitarian project: taught English in a primary school in Chengdu, China (2015)
